

Mrs Nester's Home Learning Weekly Challenge: 27th April 2020

How did you get on with the Olympics challenges? I hope you came up with lots of exciting Sports of your own! Did you find out when the Olympics was held in London? This week my challenge is all linked to potatoes. No I haven't gone a little bit crazy during this period of isolation. Hopefully you will think that the ideas are fun for all the family!

1. Find a potato from your kitchen. Talk about all the different ways that you can cook it. Think about two that you would like to try and when you have cooked them compare the taste, colour and decide which way was your favourite

2. Can you decorate your potato like Mr Potato Head from Toy Story? If you don't have anything to stick into your potato you could paint or draw what you would want him to look like.

3. Make up an adventure story for your Mr Potato Head. He could have a whole potato head family or you might want invent some veggie cousins for him as well.

4. If you have more than 1 potato you could have a game of prediction. Who do you think has the heaviest potato? Whose potato is the longest? Whose potato might roll the furthest etc.

Finally you might want to play a game of hot potato, do some potato printing and find a simple science experiment that involves using or growing a potato. You see, I told you it would be fun! Stay safe.
