

## Mrs Nester's Home Learning Weekly Challenge: 11<sup>th</sup> May 2020

Thank you for all the great ideas that we have had for the school safety mascot. It was great to see the creativity and ideas that you all had. We will continue to leave the competition open until May 18<sup>th</sup> and then we will announce the winner in the newsletter on May 22<sup>nd</sup>. Remember you have to be in it to win it! So this week the challenge is all about board games.

1. Find your favourite board game in your house. Talk about why you like it. Then write a review of why you think someone else should play this game.

2. Can you think up your own board game? Make a design and write a list of the things that you will need to make your game.

3. Make your game and play with your family for a test run. Think about any alterations that you would make to make it even better.

4. If you are able to play your game with friends over an app called Zoom. Use your best retelling skills to tell them the rules and explain what they need to do.

Finally you might want to find out which board game was the first and which board game is the most popular?
